

From the palm family: Coconut

Jojoba oil has great effects on skin beauty and has the feature of making the skin look healthier and smoother. Combined with AYDIN technology, Jojoba oil brings beauty to your bed and gives you a nice sleep experience. It provides restorative care in your sleep with the softness you will feel on your scalp and on the entire surface of your skin.

In order to always feel the feeling of cleanliness on your skin, you should act with this sensitivity at every point of your living spaces and prioritize your health. At this point, Jojoba Life mattress fabric provides full protection for you with its antibacterial structure, which prevents inflammation and moisture loss in your skin.

Developed by AYDIN, Jojoba Life mattress fabric blends perfectly on your skin with its antibacterial and restorative substances on its surface. Jojoba oil, which is very similar to the skin's own oil, shows positive effects on dry and oily skin. By helping your skin to regain its lost elasticity, it helps your skin to enjoy restorative power during a pleasant sleep.
